Foto-foto yang menggambarkan kehidupan pertanian dan peternakan di Riverina, negara bagian New South Wales mendapat sambutan yang luar biasa dari penggemar Lego. Karena foto-foto menampilkan figur dari Lego.

Aimee Snowden tinggal di lahan pertanian antara Finley dan Tocumwal, New South Wales. Tapi sejak September lalu, ia semakin dikenal di dunia maya.

Kecintaannya dalam menyusun blok-blok plastik, atau dikenal dengan permainan Lego, ditunjang dengan pekerjaannya sebagai petani dan kegemarannya di bidang fotografi, membuat dirinya memutuskan untuk membuat sebuah blog.

Blog miliknya, [The Lego Farmer](#) menceritakan pengalaman dan kisah-kisah petani yang ditampilkan dalam tokoh-tokoh Lego.
